

Z-Offset (Z-Mail Supra)
Z-Bond Classic

Extra-white,
all-round papers
for communicative
applications
that demand
quality and style

An all-rounder with that certain something

Corporate Design is our top quality extra-white allrounder. It is the comprehensive answer for communications work that spells quality and style – from 40 to 400 gsm.

Z-OFFSET (Z-MAIL SUPRA)

This offset paper offers superb quality, consistency, whiteness, opacity and texture. Precision-cutting and a tight surface provide the ideal product for offset printing. The envelope version – known as Z-Mail Supra – features optimum sizing, inside lithographic capability and high opacity. A special 110 gsm, moisture and water resistant grade is produced especially for outdoor poster applications with the option of a blue rear coating. Thanks to the identical colour nuance, papers can be mixed and matched, yet will always retain a consistent feel.

Z-BOND CLASSIC

This classic business paper has the ideal feel and moisture content for today's office systems. With a licence to do just about everything, the Z-Bond Classic is not only perfect for laser, copying and inkjet applications, it is also perfect for pre-press work. Stability, optimum fibre distribution, texture and opacity are all of the highest standard to ensure that every

print job is impeccable. The 90 gsm version is available with OCR certification and the 40/45/50 gsm versions with a GMP certificate (for pharmaceutical package leaflets).

All Corporate Design papers are woodfree, acid- and chlorine-free, use neutral sizing and are aging-resistant.

Detailed technical specifications can be found at our website – www.zieglerpapier.com
